Combat Focus Shooting is an intuitive shooting program designed to help the shooter become more efficient in the context of a dynamic critical incident. This program will teach you effective and efficient ways to protect yourself and those you care about with a defensive handgun. We will also be discussing how your body's natural reactions to threat stimulus will affect you during these incidents. The class will be held at the Big Sioux Rifle and Pistol Club north of Brandon. Class size is limited to the first ten students at the special introductory price of \$200.00. A \$50.00 deposit is required by April 1 to secure your spot. Please contact Mike at the e-mail or number listed for more info. Plan to shoot about 1000 rounds in this intense training session.
